PNEUMONIA, desquamative interstitial lipid, endogenous, and silicosis . . 325
POLYETHYLENE GLYCOL 4000: inhibition of subcutaneous growth of Ehrlich ascites tumour in female mice by . . 145
POLYPOSIS of gall bladder in metachromatic leucodystrophy 388
PORPHYRIA, hepatic, in fowl . . . 307
PREGNANCY: rupture of renal artery in, in patient with neurofibromatosis . . 398
PROCEEDINGS OF THE SOCIETY . . . 587
PROSTATE: carcinoma metastasising to same lymph-glands as carcinoma of rectum 143
PYELONEPHRITIS due to *Proteus mirabilis*; significance of urease . . . 43
experimental, role of antibody in . 513
PYRIDINOLCARBAMATE (ANGININ): anti-inflammatory effect . . . 527

RABBIT(S), cholesterol-fed, effect of oral polyunsaturated lecithin on development of atheroma and fatty liver in . 35
RAT(S): adrenal cortical lesion induced by 7,12-dimethylbenz(a)anthracene . 277
adult, production of foetal globulin after muscle injury 115
auto-immune nephritis in . . . 537
conventional and germ-free, role of antibody in experimental pyelonephritis in 513
experimental rhabdomyoblastoma . 375
female, of various ages, calcium disodium edetate nephrosis in . . . 335
infected with murine leukaemia virus, myelofibrosis in 235
liver, foetal globulin produced after subtotal hepatectomy in adult . . 115
liver, organ cultures and cells fractions, effect of hyperbaric oxygen on properties 63
LNPF in nephrotoxic nephritis in . 568
regeneration of gastric mucosa at squamo-columnar junction in . . 105
remodelling of periosteal lesions induced by β-aminopropionitrile and surgical injury 283
ultrastructure of small vessels in early experimental hypertension in . . 51
urinary bladder, fine structure of cornified squamous metaplastic epithelium in 665
REACTION to Freund's complete adjuvant in mice 503
REGENERATION of rat gastric mucosa at squamo-columnar junction . . 105
RESPIRATORY DISTRESS: lung fluid content in infants with 469
RESPIRATORY FAILURE in ciguatera poisoning, nature 89

REVIEWS OF BOOKS—
The mast-cell system: its relationship to atherosclerosis, fibrosis and eosinophils (Michel Fernex) 181
Elements of medical genetics (Alan E. H. Emery) 181
The carcinogenic action of mineral oils: a chemical and biological study (MRC Carcinogenic Action of Mineral Oils Committee) 182
Recent advances in the diagnosis of cancer (ed. by Russell W. Cumley and others) 182
Carcinogenesis: a broad critique (arranged for publication by Russell W. Cumley and others). 183
A textbook of clinical pathology, 7th ed. (Seward E. Miller) 184
Developing and diseased muscle: a biochemical study (Victor Dubowitz) . 577
Bladder cancer: a symposium (ed. by Kenneth F. Lampe) 577
Proceedings of the Ninth International Cancer Congress (ed. by R. J. C. Harris) 578
Progress in experimental tumor research, Vol. 7 (ed. by F. Homburger) . . 579
Progress in experimental tumor research, Vol. 9 (ed. by F. Homburger) . . 580
Atlas of tumor pathology, Section VII, Fascicle 26, Tumors of the gallbladder and extrahepatic bile ducts (Hugh A. Edmondson) 580
Intra-uterine dangers to the foetus (ed. by J. Horský and Z. K. Štembera) . 580
Human trophoblast (Arthur T. Hertig). 581
The clinical pathology of infancy (compiled and edited by F. William Sunderman and F. William Sunderman, Jr) 583
Fetal malformations caused by amnion rupture during gestation (Richard Torpin) 583
The structure of Ammon's horn (Santiago Ramón y Cajal) 584
Human histology, 2nd ed. (Bruce Cruickshank, T. C. Dodds and Dugald L. Gardner) 584
RHABDOMYOBLASTOMA, experimental . 375
RHABDOMYOMATOSIS of guinea-pig heart . 331

SALMON, Scottish, ulcerative dermal necrosis in 563
SARCOID and sarcoid-like granulomas, enzyme histochemistry of epithelioid cells in 705
SCANNING ELECTRON MICROSCOPY in study of intestinal villi 611
SERUM albumin, radioiodinated, incorporation into thrombi *in vivo* . . 603

PAGE

SERUM enzyme changes in sheep infested with *Fasciola hepatica* . . . 619
enzymes of horse, effect of chloroform. 241
SHEEP: serum enzyme and liver changes in *Fasciola hepatica* infestation . . 619
SILICOSIS and endogenous lipid pneumonia 325
SINOBRONCHITIS in children 565
SODIUM calcium edetate nephrosis in female rats of a range of ages . . . 335
SPINAL CORD and lower spine, congenital abnormalities in Manx cats . . 269
SPINE, lower, and spinal cord, congenital anomalies in Manx cats . . . 269
STOMACH, rat, regeneration of mucosa at squamo-columnar junction . . 105
STROMA, pseudosarcomatous, in primary squamous-cell carcinoma of breast . 383
SURGICAL DAMAGE to periosteum, remodelling of lesions after 283
SURVIVAL TIME of platelets in experimental mural thrombi in pig aorta . . 595

TERATOMA of ovary in cats 138
TESTIS: biopsies, histometric assessment of tissue components 429
THROMBI: incorporation of serum albumin and low-density lipoprotein into, *in vivo* 603
mural, in pig aorta, endothelialisation of 589
mural, in pig aorta, survival time of platelets in 595
mural, role of mononuclear cells in organisation of 11
THROMBOSIS in micro-angiopathy, with macroscopic infarction . . . 711
TISSUE-CULTURE METHODS for growth of *Candida* spp. 357
TONGUE: granular cell myoblastoma . 339
heterotopic large-bowel cyst . . 137
TRACHEA: estimation of muscle area by point-counting 157
TREMATODA: *Fasciola hepatica*, serum enzyme and liver changes in infested sheep 619
TROPHOBLAST: effect of antisera to human placental lactogen 545
TUMOURS, ANIMAL: adenocarcinoma of ovary in cat 138
Ehrlich ascites tumour of mice, effect of polyethylene glycol 4000 . . 145
liver cell carcinoma, primary, in young thoroughbred horse. 394

PAGE

TUMOURS, ANIMAL: ovarian, in felines . 138
papillary carcinoma of epididymis in dog 253
primary lung tumours of mouse . . 415
rhabdomyoblastoma, experimental, in rats 375
Yoshida ascites tumours of mice, antigens of 639
TUMOURS, HUMAN: breast, fibroma with cartilaginous metaplasia . . . 385
breast, primary squamous-cell carcinoma 383
carcinomas of rectum and prostate metastasising to same lymph-nodes . . 143
cervix uteri, intra-epithelial carcinoma with intra-uterine spread . . . 719
choriocarcinoma, cellular reaction to . 216
embryonalcarcinoma of pineal region . 165
intra-alveolar epidermoid carcinoma of jaw 645
malignant melanoma, histology and prognosis 459
neurofibromas, pigmented, histogenesis. 631
papillary carcinoma of epididymis . 253
skeletal muscle necrosis associated with carcinoma 207
tumour of adrenal medulla, compound . 231

ULCER(S): ulcerative dermal necrosis in Scottish salmon 563
UREASE: significance in proteus pyelonephritis 43
URINARY TRACT: changes caused by ethyleneimine 693
UTERUS: cervix, intra-epithelial carcinoma with intra-uterine spread . . . 719
leiomyoma in lion 138

VALVES, CARDIAC: aortic valve prosthesis, fibrin membrane formation in left ventricular outflow tract after . . 391
VENTRICLE, CARDIAC: left outflow tract, membrane formation in after aortic valve prosthesis 391
VILLI, intestinal, scanning electron-microscope study 611
VINYLAMINE (ETHYLENEIMINE): changes in kidney and urinary tract caused by . 693
VIRUS of murine leukaemia, myelofibrosis in rats infected with 235
VITAMIN A, osteoblastic activity in hypervitaminosis A in pigs 677
